Matthew Barber

directed by Lisa Silverman

Fireflies is a story that takes place in the small fictional town of Groverdel, Texas in the 1990's. It is a story of friendship, conflict, romance and reflection. The long time friendship of two women is upended when a drifter comes into town and takes an interest in one of them. Indeed, the entire town is in a tizzy as a result.

The four character cast is talented, beautifully portraying the sometimes complex relationships they have.

The story is laced with humor and interesting exchanges between the characters. It's a story you won't want to miss.
